Uninstalling CodeLinker

To uninstall **CodeLinker**, you will need to follow these instructions. Note that the instructions may vary with the version of **CodeLinker** you are using so always use the correct version of “Uninstalling CodeLinker”. If you are encountering problems, then contact support@genecodes.com for further assistance. The instructions below were written for earlier Windows OS's so you may have to adjust the instructions based on your OS.

UNINSTALLING CODELINKER

To remove **CodeLinker** from your computer, follow these steps.

- Click on the **Start** button and then click **Control Panel**.
- Click on **Programs and Features**.
- Select the **CodeLinker** version you are uninstalling, like **CodeLinker Miner version 1.0** for example.
- Click **Uninstall** and then provide confirmation.
- You will see a message confirming that CodeLinker Miner was successfully removed from your computer. Click **OK**.

You have now successfully removed CodeLinker from your computer. If you have any questions or comments concerning the operation or uninstallation of **CodeLinker**, please contact us. We want to hear from you!
